SWNW Section 4  
Township 4 North, Range 63 West, 6<sup>th</sup> P.M.  
Weld County, Colorado

Dear Director:

Please let this letter serve as a request for administrative approval of an exception location for the captioned oil and gas wells. Confluence DJ LLC (Confluence) proposes to drill the above referenced wells at a surface location outside a legal drilling window as defined by Rule 318A.a.

Rule 318A.a of the Colorado Oil and Gas Conservation Commission's (COGCC's) Rules and Regulations requires wells to be drilled in a square with sides 400 feet in length, the center of which is the center of any quarter/quarter section or in the center of any quarter section with the four sides being 800 feet in length. Confluence proposes to drill the above referenced wells at a surface location outside a legal drilling window.

Rule 318A.c.(2) stipulates that a Greater Wattenberg Area (GWA) well surface location shall not be greater than 50' from an existing well. As planned, this surface location is greater than 50' from an existing well.

Confluence respectfully requests that the COGCC review the enclosed information and approve the requested exception location waiver. The surface owner acknowledges and agrees with the staked surface location of the well. The Exception Location Waiver is in the attached Surface Use Agreement on page 5, section 10.

Respectfully,

Kimberly J. Rodell  
Permit Agent for Confluence DJ LLC
