Location ID: 312292

Photo 2: : Photo taken from the south end of the location, facing south

Inspection Photos
Operator: WESTERN OPERATING COMPANY # 95620
Location ID: 312292

Photo 3: Photo taken from the southeast end of the pit, facing north towards the well. Photo shows areas of the interim that operator previously regraded and seeded. Operator failed to implement required stabilization or stormwater and erosion control BMPs per CAs. Photo shows erosion degradation has been allowed to continue. 6 foot measuring stick for reference

Photo 4: Photo taken from the southeast end of the pit, facing north towards the well. Photo shows areas of the interim that operator previously regraded and seeded. Photo shows Operator has failed to implement required stabilization, stormwater and erosion control BMPs per Cas; erosion degradation has been allowed to continue. 6 foot measuring stick for reference.

Photo 5: Photo taken from the southeast corner of the pit, facing south. See comments under photo 4.

Photo 6: Photo taken from the southwest corner of the pit, facing west. See comments under photo 4

Photo 7: Photo taken from the southwest corner of the pit, facing northwest. See comments under photo 4

Photo 8: Photo taken from the southwest corner of the pit, facing southeast. See comments under photo 4
