Location #: 321508

Inspection Document #: 691401138

Nature of complaint: air-quality/odors

Field Inspector Actions:

On 10-01-2018, I was contacted by complaint specialist Megan Adamczyk in reference to a complaint received by the COGCC in reference to air-quality and odors. The complaint stated the odors were occurring across the street from 15447 Huron St, Broomfield CO 80023 in the field on East side of Huron St, between Huron St and I-25.

On 10-01-2018, I attempted to make contact with the complaint at her residence. I performed a complete site inspection of the Extraction location which was approx. 1900' to the E of the complaints home. I performed a site inspection which did not show any abnormal conditions. I did not detect any odors at the residence nor in the surrounding neighborhood at the time of the inspection.

No violation of COGCC rules were observed at the time of the inspection of the Well and facilities.

All information reviewed and site inspection information were submitted to the complaint specialist for further review.
