Inspection #688302657
10/10/2018
Routine Inspection

COLORADO
Oil & Gas Conservation
Commission

Department of Natural Resources

The image shows an oil well head in a field. A white sign is attached to the wellhead, providing contact information for Gil's Hot Oil Service. The sign also includes the well name, location, and a phone number. A red gauge is visible on the right side of the wellhead, and a black hose is connected to it. The wellhead is surrounded by a wire fence, and the background shows a flat, open field under a cloudy sky.
