RE: Request for Consent to Plug Well(s)

Mrs. Stanley,

Bison Oil & Gas II, LLC ("Bison") currently has permits (pending or approved) to drill wells from one or more pad locations that Bison secured in the area. It is necessary and required by the Colorado Oil & Gas Conservation Commission ("COGCC") to plug old abandoned oil and gas wells within a certain proximity of the new wells that are to be drilled. There is one unmarked abandoned well within the COGCC proximity threshold that needs plugging on your lands; specifically, the Stanley J (API 05-123-14228), located in the NW/4SE/4 of Section 22 in Township 8 North, Range 60 West.

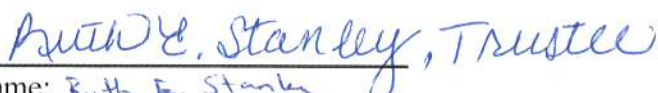

Bison respectfully requests your surface owner's consent to plug the Stanley J well located on the above described lands that you own. Please indicate your agreement and consent via signature below to Bison's plugging of the Stanley J well using the enclosed envelope at your earliest convenience. Upon the receipt of your executed consent, Bison will coordinate the timing and logistics of the plugging with yourself and any tenants that you may have.

Thank you for your immediate attention to this matter and should you have any questions, please do not hesitate to reach me at the undersigned.

Respectfully,

**Troy Smith**
