Attention: Mr. Piro

Gentlemen:

At the request of our Denver office, the following information is submitted regarding our Snyder lease in the Xenia, West field, Washington County, Colorado.

The No. 3 well is the well that is not producing. It has been shut down and temporarily abandoned since March 1956. The No.'s 2 and 4 wells are producing. No. 3 was a dry hole and No. 1 has never been drilled.

If there is any further information that you desire concerning this lease, please let us know.

Very truly yours,

KINGWOOD OIL COMPANY
