**RE: COGCC Rule 603.a.(2): Property Line Exception Location Request  
Rush 4-65 29-30 1AH-1DH, 2AH-2DH Pad: SWNW Section 28, Township 4 South, Range 65 West  
Arapahoe County, Colorado**

Dear Director Murphy,

Burlington Resources Oil & Gas LP (Burlington) plans to drill eight (8) wells on the Rush 4-65 29-30 1AH-1DH, 2AH-2DH Pad. COGCC Rule 603.a.(2) states that a well shall be located not less than 150 feet from a surface property line. The surface locations of Burlington's proposed wells shall be less than one hundred fifty (150) feet from a surface property line and are thus being permitted as exception locations. The table below shows which wells are within 150 feet of the property line:

Well Name	Doc #	SHL Footage	Distance
Rush 4-65-29-30 1AH	401764633	2252' FNL, 621' FWL	49' S
Rush 4-65-29-30 1BH	401764634	2275' FNL, 610' FWL	27' S
Rush 4-65-29-30 1CH	401764636	2297' FNL, 599' FWL	5' S
Rush 4-65-29-30 1DH	401764637	2319' FNL, 588' FWL	18' N
Rush 4-65-29-30 2AH	401764638	2342' FNL, 576' FWL	40' N
Rush 4-65-29-30 2BH	401764639	2364' FNL, 565' FWL	62' N
Rush 4-65-29-30 2CH	401764640	2386' FNL, 554' FWL	85' N
Rush 4-65-29-30 2DH	401764641	2409' FNL, 543' FWL	107' N

As referenced in Rule 603.a.(2), the Director may grant an exception if it is not feasible for the Operator to meet this minimum distance requirement and a waiver is obtained from the offset Surface Owner(s). The surface owner is the property owner on both sides of the property line and the wells are being proposed at a location agreed upon with the surface owner of both properties via a Surface Use Agreement. Burlington has also obtained written permission by way of a surface use agreement.

Burlington respectfully requests the approval of the property line exception location request and Applications for Permit to Drill for these wells. If you should have any questions or require additional information, please contact Burlington at (832) 486-6014. Thank you for your consideration of this matter.

Sincerely,

Justin Garrett
