Dear Ms. Wakeman:

PetroShare Corp. ("PetroShare") is applying to the Colorado Oil & Gas Conservation Commission ("COGCC") to drill wells from the above-referenced surface location.

Rule 318A.a of the COGCC Rules and Regulations requires that wells drilled within the Greater Wattenberg Area (as defined in the Rules) be drilled in a square with sides four hundred (400) feet in length, the center of which is the center of any governmental quarter/quarter section ('400' window'); or a square with sides eight hundred (800) feet in length, the center of which is the center of any governmental quarter section ('800' window').

PetroShare will not locate all wells associated with the above-referenced surface location within the Greater Wattenberg Area windows. Instead, the wells will be placed within the above-referenced surface location in accordance with the Surface Damage and Release Agreement between you and PetroShare.

PetroShare respectfully requests that you wave the COGCC Rule 318A.a by signing below.
