**General Comment:**

This is an Abandoned Location Inspection, for Seven Wells, listed in Inspected Facilities above; APDs First Approved in 2008 for Delta Petroleum; Permits Expired in 2016. It does not appear that these AL Wells were drilled on Location with Eight PR & Seventeen XX Wells; therefore these would be Well Releases on an Active Location. Permits have Not been Abandoned & Seventeen new permits have been Approved for this site, a Fed Mineral/ Fee Surface Location.
