RE: Rule 317.s. – Consent to Statewide Fracture Stimulation Setback

Ladies & Gentlemen:

The purpose of this letter is to seek Extraction Oil & Gas' ("Extraction") consent to Crestone Peak Resources' ("Crestone") proposed Regnier Farms 19H-B268 wells that will be within 150 feet of an existing wellbore, more specifically described below:

<u>Crestone Wells</u>	<u>Extraction Wells</u>	<u>API No</u>	<u>Distance</u>
Regnier Farms 1C	Cinque Fed 8-31	05-123-15423	136'
Regnier Farms 1D	Cinque Fed 8-31	05-123-15423	149'

Colorado Oil and Gas Conservation Commission (COGCC) Rule 317.s provides:

**s. Statewide Fracture Stimulation Setback.**

(1) No portion of a proposed wellbore's treated interval shall be located within 150 feet of an existing (producing, shut-in, or temporarily abandoned) or permitted oil and gas wellbore's treated interval belonging to another operator without the signed written consent of the operator of the encroached upon wellbore. The signed written consent shall be attached to the Application for Permit-to-Drill, Form 2 for the proposed wellbore.

(2) The distance between wellbores measurement shall be based upon the directional survey for drilled wellbores and the deviated drilling plan for permitted wellbores, or as otherwise reflected in the COGCC well records. The distance shall be measured from the perforation or mechanical isolation device.

**CRESTONE PEAK**  
RESOURCES

Crestone hereby seeks Extraction's consent for the location of the wells described above. Please evidence Extraction's written consent by signing below and return this letter to Crestone via email to [sheila.frazier@crestonepr.com](mailto:sheila.frazier@crestonepr.com) at your earliest convenience. Thank you and please contact me with any questions.

Sincerely,

*Sheila Frazier*

Sheila Frazier, CPL  
Land Manager
