### **Best Management Practices**

**No BMP/COA Type**

**Description**

Operator Comments:

Reasons for requesting Confidentiality:

1. This Pickaroon location is 1 mile from being outside of GWA
2. This is an unproven area with several years of uneconomic efforts and a wide variety of results
3. Activity in the township is picking up - leasing, permitting, spacing - but not much drilling and very little new results
4. We plan to utilize cutting edge technologies and design to make a step change in well performance
5. If our outcome is good, we want to maintain a competitive advantage and be able to grow our position without the value rapidly escalating based on our investment
6. Other operators in the area have confidentiality on new wells

I hereby certify all statements made in this form are, to the best of my knowledge, true, correct, and complete.
