Hi Deb,

What you saw was geophysical logging of the Maul well, a prerequisite to plugging the well. Please call when you can and I'll be glad to answer any questions you may have.

Subject: Sauer Complaint

Good morning Chris;

We got home from work this evening to learn that KPK has apparently plugged the well next door - the Maul. I wanted to make sure you were aware of that since you had said that you planned on blocking any such action. I look forward to hearing from you. Also I'm hoping to hear how your progress is going with well testing, etc.

Thanks,

Deb Sauer
