Operator Comments:

This well was operated by Equity Oil when it was active and was listed as plugged back in 1991. Whiting purchased Equity's active wells in the area in 2004. In 2018, the well was found to still need downhole plugging, and Whiting plugged the well. This sundry is to document the location and road reclamation post downhole plugging activities.

I hereby certify all statements made in this form are, to the best of my knowledge, true, correct, and complete.
