## COMMENTS:

Request to:

1. Decrease the number of wells on this pad from 48 to 24, by completely removing BEF EAST wells numbered 25 thru 48.
2. Change of SHL only for BEF WEST wells 1 thru 12, HZ TPZ & BHL remain as permitted. The boundary wells have not yet been permitted (which would be numbers 1, 2, 23 & 24).
3. Adjust the Facility Layout, number of Tanks and associated equipment, increasing distances from equipment to future building units, the overall footprint remains same as originally permitted.

As on the original permit: The distance to the nearest property line from the wellheads is measured to the west for the west line of wells and it is owned by Kings Co. who is the same owner for this pad. No additional notifications required.
