Section 35: N1/2

RECITALS

WHEREAS, Company owns the leasehold right to access the Property and use so much of the surface as is reasonably necessary to explore for and produce oil and gas from the leased premises; and, there shall not be an unreasonable use of the surface,

RELEASE & CONVEYANCE

Except as provided below in Additional Covenants 2, 3 and 7, Owner hereby releases and discharges Company, its agents, employees, contractors and licensees from and against any and all claims by Owner for damages of whatsoever nature and character, including, but not limited to, diminution in value of the Property arising from, incident to, or in connection with Company's oil and gas operations ("the Operations") on the Property so long as such Operations are conducted in accordance with this Agreement.

Owner hereby grants, demises, and conveys such easements and rights-of-way on and across the Property as may be convenient for the Operations. Company shall have the right to construct, drill, complete, recompleat, and operate the "Wells;" and to install, occupy, and operate any associated access roads, production facilities and pipelines; and to conduct its Operations anywhere within the Oil and Gas Operations Areas ("OGOA") and easements shown on Exhibit A, attached hereto and incorporated herein, including directional and horizontal wells that produce from and drain lands other than the Property, provided such lands are pooled with all or any portion of the lands included in Company's oil and gas lease covering the Property.

ADDITIONAL COVENANTS

The Parties agree that the Recitals above are integral to this Agreement and are expressly incorporated in these Covenants by reference as if fully set forth herein.

1. Company may exercise its rights hereunder for all purposes convenient for Company to perform the Operations, including the right of unimpeded ingress and egress on the designated rights-of-way to access the OGOA, to install associated equipment and facilities within the OGOA and to install and operate pipelines. Company may assign or delegate to a third party the right to install and operate temporary and permanent pipelines in order to supply water for the Operations or to connect the Wells to a gas or liquids gathering system. The access and pipeline easements granted herein shall be non-exclusive and capable of use by Owner, so long as such use does not interfere with or impair the Operations, and with the permission of Company, which permission shall not be unreasonably withheld.
2. Company shall promptly repair, replace, or compensate Owner for damage to personal property or to improvements on the Property, such as damage to buildings, fences, gates and culverts, or loss of livestock, as well as any other such extraordinary losses or damages caused by Company. Any failure to reach mutual agreement with respect to such repair, replacement or compensation shall not, however, be deemed to constitute a breach or abrogation of this Agreement, nor to terminate or diminish the grants, conveyances, rights and obligations contained herein.
3. Company hereby agrees to release, discharge, indemnify and hold Owner harmless from and against any and all third party claims, losses, liability, damages, and causes of action for personal injury or property damage arising out of Company's Operations, unless and to the extent that Owner's negligence causes or contributes to such third party claims. This indemnification extends to any action by a government agency with jurisdiction over the Operations under an environmental law or regulation.
4. Owner has requested that all consultation be conducted directly with Owner. Accordingly, Owner shall have the responsibility of notifying any affected tenant, lessee or other party who may own or have an interest in any crops or surface improvements which could be affected by the Operations. Owner agrees that all damages claimed by a surface tenant, lessee or other such party resulting from the Operations shall be settled by Owner, and Owner hereby agrees to release, discharge, indemnify and hold Company harmless from and against any such claims.
5. Company agrees to perform all reclamation in accordance with the rules and regulations of the Colorado Oil and Gas Conservation Commission ("COGCC"), unless a variance is granted by the COGCC upon the request of Owner. Company shall endeavor to keep the OGOA and the pipeline and access easements free of weeds and debris and to control erosion.
6. Commencement of the Operations with heavy equipment is estimated to begin in end-year 2014, early 2015. Owner acknowledges that this notice complies with, or hereby waives, all COGCC requirements that it be given advance notice by Company of the proposed Operations. Owner acknowledges receiving from Company a brochure prepared by the COGCC which describes the rights and responsibilities of Owner as a surface owner.
7. Company shall construct its roads and pipelines within the access easements shown on Exhibit A, and otherwise confine its Operations to the OGOA, except in the event of an

emergency, or for reasonable incidental and temporary activities, and Company shall be responsible for any physical damage to the Property that may be caused by such emergency or temporary activities. Any depiction of the configuration of drilling rig operations or production facilities shown are for illustrative purposes only and shall not bind Company with respect to the location or scope of its Operations within the OGOA.

8. Owner acknowledges and agrees that Company has consulted in good faith with Owner as to its proposed Operations, in accordance with COGCC requirements, or hereby waives such requirements. Owner expressly waives the application of any COGCC setbacks inconsistent with this Agreement. Owner further agrees that it will not locate any lot lines or building units (as defined in the 100 Series of the COGCC Rules) any closer than 200 feet to the outer boundary of the OGOA.

(a) Company will provide Owner with the COGCC Form 2A ("Oil and Gas Location Assessment") for the OGOA when submitted to the COGCC, and Company undertakes to ensure that said Form 2A accurately reflects the provisions of this Agreement.

(b) Owner agrees not to object to the Form 2A, so long as it is consistent with this Agreement, and hereby waives any right granted by COGCC rule to comment on the Form 2A, to request an extension of the comment period, to request an onsite inspection pursuant to COGCC policy, or to appeal the approval and issuance of the Form 2A, and any related Form 2 ("Application for Permit to Drill").

(c) Owner shall not oppose Company in any COGCC or other governmental proceedings related to Company's Operations, including, but not limited to, permitting, formation of drilling units, well spacing, pooling, drilling, completion, stimulation, re-stimulation, workovers, deepening and recompleting, provided that Company's position in such proceedings is consistent with this Agreement.

9. Owner expressly acknowledges and agrees that this Agreement shall be deemed to be specifically applicable to, and to fully satisfy, the obligation of Company to reasonably accommodate Owner's use of the surface of the Property, existing or future, and waives any statutory or common law claim to the contrary.

10. Owner agrees to include a note on any annexation, subdivision plat, planned unit development or other land use designation for which Owner may apply to put successors or assigns on notice that the Property is subject to this Agreement. Owner agrees that Company may also record this Agreement, redacted as to any compensation amount. In all other respects, however, the Parties shall hold the provisions of the Agreement in confidence. Owner must disclose to trust beneficiaries and is not liable for the beneficiary's conduct.

11. This Agreement shall be subject to, and construed under, the laws of the State of Colorado, without regard to its conflict of law provisions, and jurisdiction and venue shall be solely in the courts of the State of Colorado,

12. Each of the undersigned principals of the Parties represents and warrants that such person has the requisite corporate or legal authority to bind the respective Parties to this Agreement.
