Comment

Interim Reclamation activities have been conducted in some areas of Location, (i.e.: Fill and Cut slopes mulched & seeded) though, not all areas no longer needed for Use, Production, Drilling or Subsequent Operations have been reclaimed. It does not appear that re-contouring to reduce the working Pad surface was performed. The CA and CA Date remain at that from Previous Inspection. Refer to Photos attached.

Corrective Action

Install Reclamation in Areas no longer needed for Use, Production, Drilling or Subsequent Operations; installing appropriate BMPs to Stabilize Areas until Vegetation establishes. Reclamation Activities should be complete by 6/15/2018.
