Comment:

Both pit ID's, 100622 & 100621, are correctly associated with the Carl Allen 4 well pad. Facility 100622 is a pit that was previously backfilled, proper documentation and analysis was not found, therefore the pit has not been "closed" in the COGCC system. Facility 100621 is an open pit on the Carl Allen 4 well pad. Wexpro Company is working with Kris Neidel of the COGCC to obtain proper documentation and pit closure for both pits/facilities.
