Weld County, CO

Dear Dennis and Barbara:

Kerr-McGee Oil & Gas Onshore LP ("KMG") is diligently working to permit the Damore 5-18HZ
and Prowant 4-18HZ well pads as indicated above on the adjacent properties.

Colorado Oil and Gas Conservation Commission's ("GOGCC") Rules and Regulations under Rule
305a necessitates, that an oil and gas location proposed within a Buffer Zone Setback, requires that an
Operator is to provide a "Notice of Intent to Conduct Oil and Gas Operations" ("NICO") to the person(s)
specified within a Buffer Zone Setback no less than 30 days prior to submitting a Form 2A (Oil and Gas
Location Assessment).

To provide expediency in this effort to amend the Applications of Permit to Drill for the above captured
wells:

Landowner is aware of the application to permit the Damore 5-18HZ and Prowant 4-18HZ well pads and
associated facilities. Landowner hereby waives the right to a pre-application notice (Notice of Intent to
Conduct Operations) under Rule 305a.

KERR-MCGEE OIL & GAS ONSHORE LP

1099 18th street, Suite 1800, Denver, CO 80202

Thank you for your assistance and please contact me with any questions you might have.

Sincerely,

KERR-MCGEE OIL & GAS ONSHORE LP

Evan Johnson
Landman

I waive the above requirement and approve the submission of the Applications of Permit to Drill.

Dennis and Barbara Moe
