Dear Director Murphy:

Kerr-McGee hereby certifies that a "Notice of Intent to Conduct Operations" was received by the Surface Owner and by the owners of all Building Units within the Exception Zone or Buffer Zone Setback. Two Notice recipients were identified, however one of the eligible Building Units is owned by Anadarko Exploration & Production Onshore LLC (applicant). Recipient of the second Notice signed a Waiver of the Right to Pre Application Notice dated October 17, 2018, therefore the permits are being submitted prior to expiration of the designated 30-day period. The signed waiver letter has been attached to this 2A application and is labeled as 'Other'.

Proof of receipt is available upon request.

Sincerely,

Kerr-McGee Oil & Gas Onshore LP
