**Operator Comments:**

Extraction requests to relocate the SHL of this well per request of the City of Aurora as they had concerns about the proximity of the drilling rig to their infrastructure.

The SHL qtrqtr, top of production zone and BHL, OWE, and DSU will all remain the same. This SHL relocation does not move the wellhead into a buffer zone. Updated cultural distances have been included.

I hereby certify all statements made in this form are, to the best of my knowledge, true, correct, and complete.
