 TOTAL % OF DESIRABLE VEGETATION COVER \_\_\_\_\_  
 VEGETATIVE COVER \_\_\_\_\_

Comment:

Previous inspections passed the reclamation of this well. However, since this PAd well shares location with an active Benchmark Battery facility, additional inspection submitted for the battery facility have changed COGCC records showing status for the well site as needing a reclamation inspection.

Well has been PA and no long on site. Battery remains active and operated by a unrelated operator. This well meets reclamation requirements.
