OPERATOR COMMENT

Wexpro Company intended to sample the open pit on the Carl Allen 4 well pad (Facility #100621) during the Fall of 2018, but was unable, due to a small amount of rainwater/melted snow in the bottom of the pit. It was decided that the pit will be sampled in the Spring of 2019, after the water has been evaporated and pulled from the pit and the bottom of the pit has had time to dry out.

I hereby certify all statements made in this form are to the best of my knowledge true, correct, and complete.
