**General Comment:**

This is an Abandoned Location Inspection for Wells API#s 045-07815, 07816 & 07818 APDs Approved in 2001 for Ballard Petroleum; Permits Abandoned in 2002 by Encana. It does not appear that these AL Wells were drilled on Location with One PR & One TA Wells; therefore these are Well Releases on an Active Location.

These three Wells were passed for Final Reclamation in 2016; however they were inadvertently given a Corrective Action in 2018. This Inspection clears the mistakenly assigned CAs.
