General Comment:

This is a Final Reclamation Inspection for PA Well API#103-05432, located within the City Limits of Rangely, a Fee Surface/ Federal Mineral Location. There is no Spud Notice in Files; Chevron Form4 reported Well Plugged & Abandoned 8/26/1974; BLM Form, received 8/10/1992 reports Well was re-entered, Plugged and Abandoned 7/25/1992. Chevron reported status as converted to Water Injection Well as does Previous Inspection Dated 5/23/2001, which also indicates Well SI at Date when Well is reported as P&A indicating some confusion in Insp dates. This Report verifies that there is now No Evidence of Well.
