TRANSECT RESULTS OF REFERENCE AREA% _____

TOTAL % OF DESIRABLE VEGETATION COVER _____

VEGETATIVE COVER _____

Comment: Subsidence was observed at the PA well location. Little to no establishment of reference crops were observed at the wellbore and along the former well location access road. Refer to the attached inspection photos.

Corrective Action:

Date **12/31/2018**

Comply with Rule 1004. The corrective date is not intended to be the date for which the Operator shall complete the corrective actions but rather the corrective date is the date the location was observed out of compliance. Also, since this is in cropland the Operator shall collaborate with the landowner to determine mitigating measures that will allow reclamation work to be conducted.
