Hi Jennifer,

A gentleman named Scott Hoyer with Colorado Parks and Wildlife was on-site yesterday and inspected the creek area. To my knowledge, there has not been any sign of fish kill, but you could check with him. No other natural resource injuries have been noted.

Please let me know if you have any more questions.

Thanks!

Did you hear anything about whether there was a fish kill? Do you know if any other natural resource injuries occurred?

Subject: Re: CDPHE Spills Tracking System Data Entry Form 2019-0030

GJ office has contacted Battlement Mesa, Town of Parachute, and Town of DeBeque. Battlement Mesa and Town of Parachute drinking water sources are above the confluence of Parachute Creek with the Colorado River. I was unable to make personal

contact with Town of DeBeque but left a message.

I also left a message with the Williams Environmental Officer, Annete Garrrigues, regarding information relating to possible fish kill.

The GJ office will stand by and be available for assistance if needed.
