

# CDG Morgan Hill, Inc.

January 21, 2019

Mr. Chris Binschus  
State of Colorado Oil and Gas Conservation Commission  
1120 Lincoln Street, Suite 801  
Denver, CO 80203

Re: Woolley A-1-7 Plug and Abandonment

Dear Mr. Binschus:

CDG Morgan Hill, Inc. owns the surface of the Woolley A-1-7 well area that was recently plugged and abandoned by Crestone Peak Resources. We have worked closely with Crestone on a number of oil and gas issues in our Morgan Hill project.

In the case of the Woolley A-1-7 well, Crestone worked with us to P & A the well within our time frame and CDG Morgan Hill, Inc. agreed to be responsible to finish the grading and re-establish the grasses. As you saw from your site visit, we are well into the land development of the lots adjacent to the well site. As we complete the streets and utilities, we will finish grade the lots, including the well area, and revegetate the areas in compliance with our State Storm Water Management Plan. It was our preference to be able to seed the well area with our specific seed mix rather than have Crestone start with a less attractive seed mix.

I apologize that at the time of your site visit our SWMP contractors had left an unsightly pile of silt fence and cardboard rolls on the well area. We are getting this cleaned up!

In summary, CDG Morgan Hill Inc. has accepted the responsibility of final grade and revegetation of the Woolley A-1-7 plugged and abandoned well site. Crestone and CDG Morgan Hill, Inc. are in agreement on this issue.

If you have further concerns or questions, please call or e-mail me (303/442-2299; jonrlee@cdgcolorado.com).

Sincerely

CDG MORGAN HILL, INC.

Inspector Name: Binschus, Chris

This location is not in compliance with Rule 1004. Reclamation rules require reclamation activities to be conducted within three months of plugging on cropland. Well was plugged 3/16/2017. Operator has failed to perform final reclamation activities (i.e., remove gravel, decompaction, seedbed prep and seed). Refer to the attached inspection photos.

City of Erie housing development is planned for the adjacent areas south of the location but not for the oil and gas location.

Corrective Action:

Comply with Rule 1004. Corrective action date is being back dated to when all final reclamation activities should have been completed.

Date **06/16/2017**
