General Comment:

This is an Abandoned Location Inspection for Wells API#s 045-20536, 045-20538 & 045-20541; APDs first Approved in 2011 for Antero; Conductors Plugged & Permits Abandoned in 2018 by Ursa. It does not appear that these AL Wells were drilled on Location with Sixteen PR Wells; therefore, these would be Well Releases on an Active Location; however there is evidence of the Wells, as Identifying signs have not been removed.
