Operator Comments:

Mallard will be revising the spacing to change unit boundaries.
Although unit boundaries will change, the unit acreage will not change.
This sundry is extending the productive lateral of the well at both the TPZ and BHL to reflect the amended spacing boundaries.
The SHL, right to construct, lease and spacing information, cultural distances, & Offset Well Evaluation have not changed.
Spacing order # 535-942 was approved at the February 12, 2018 hearing to reduce the setback from 600' to 300'.

I hereby certify all statements made in this form are, to the best of my knowledge, true, correct, and complete.
