General Comment:

This inspection is being submitted in regards to active Rosewood Resources equipment on JW Operating's Keller Cattle Co #10-13 location #303100.

The Keller Cattle #10-13 well has been plugged and abandoned, it has been determinend that the remaining flowlines and metering equipment on this location are associated with two (2) active wells operated by Rosewood Resources Inc. As Rosewood is the last operator with active wells associated to this location and metering equipment, COGCC staff has determined that Rosewood Resources will need to collaborate with JW Operating, in submitting a Form 10 to change ownership/management of the Keller Cattle Co Location #303100 to Rosewood Resources.

PLEASE SEE COMMENT AND CORRECTIVE ACTION BELOW, AND UNDER "COGCC COMMENTS", REGARDING SUBMISSION OF THE FORM 10.
