Corrective Action:

Date:

Reclamation - Storm Water - Pit

Interim Reclamation:

Date Interim Reclamation Started: _____ Date Interim Reclamation Completed: _____

Land Use: RANGELAND

Comment: Inspector mapped a disturbance area of 2 acres via a Trimble GPS unit. This DOES NOT appear to be in compliance with the approved Form 2A for the permitted disturbance area post interim reclamation (1.64 acres). Additionally, operator appears to have constructed a road through the location traveling west. This is being documented for future reclamation as road is not pre-existing, and not on the "location drawing" or "access road map" documents submitted by operator with the 2A.
