Comments/Remarks for this form

COGCC Conditions of Approval

Based on review of information presented it appears that no further action is necessary at this time and COGCC approves the closure request. However, should future conditions at the site indicate contaminant concentrations in soils exceeding COGCC standards or if ground water is found to be significantly impacted, then further investigation and/or remediation activities may be required at the site. See document number 2315739 for closure details and supporting evidence.
