General Comment:

COGCC followup to Form 19's submitted by operator on 3/18/2019 (Doc #401975291 & Doc #401975311). Spoke with environmental personnel about progress of site cleanup. Speer Canal board was contacted and does not grant access to PDC to remove sediment. Landowner to the south has previously stated that he does not want equipment on his agricultural field.

Site stabilization is scheduled to begin today. Personnel were onsite awaiting equipment/material delivery.

All previous corrective actions and dates are still applicable.
