Operator Comments:

To accomodate drainage plan required for local permit (CSSP with Dacono), a larger construction disturbance is required. Please increase 'Size of disturbed area during construction' FROM 12.28 acres TO 12.59 acres. Additional disturbance is required to accomodate drainage features. Size of location after interim reclamation will not change (1.8 acres). Construction detail and revised location drawing are attached. Please substitute location drawing for the one included in the approved 2A.

I hereby certify all statements made in this form are, to the best of my knowledge, true, correct, and complete.
