**RE: Colorado Oil & Gas Conservation Commission (COGCC)
Form 4 (Interim Reclamation Completion Notice)
BENSON FARMS 11N-19HZ (437066)
Kerr-McGee Oil & Gas Onshore LP (Operator: 47120)**

Dear Ms. Graves:

Apex Companies, LLC (Apex) is presenting this letter to Kerr-McGee Oil & Gas Onshore LP (Kerr-McGee) documenting the results of a vegetation assessment that demonstrates successful completion of interim reclamation efforts, per COGCC Rule 1003, on the above-referenced location in Weld County, Colorado. Attached is a topographic location map, which identifies the referenced location.

Based on site visits and the completed vegetation assessment, Apex inspectors confirmed that the unused portions of the reduced production footprint have been regraded and returned by the landowner to cropland and agricultural use. Based on this result, interim reclamation as defined by COGCC Rule 1003.e (1) has been achieved. Photographs required by Rule 1003.e (3) are also attached along with a site map illustrating photo origins.

On June 5, 2017, the site was visited and eight photographs documenting crop establishment and agricultural use on all sides of the well pad and tank battery were taken, along with three photographs illustrating planted crops.

Apex appreciates the opportunity to provide environmental consulting services to Kerr-McGee with this project. Should you have any questions or require additional information, please don't hesitate to contact me.

Sincerely,
Apex Companies, LLC
