Operator Comments:

The tank battery was permitted to produce Great Western's Magnuson #22-34, 22-44, & 22-54 wells, also permitted in Section 22, 7N/66W. These three wells were never drilled and their locations have since been abandoned. As the related tank battery was never built and its Form 2A expired in 2015, we are requesting you abandon this location.

I hereby certify all statements made in this form are, to the best of my knowledge, true, correct, and complete.
