COMMENTS

This form applies to the Pierce DE Well Pad (Facility ID : 453033)
Requesting an exception to groundwater sampling requirements per statewide Rule 609.c. Eleven permitted water sources are shown on the COGCC GIS Online interactive map within ½ mile of the proposed oil and gas wells. Numerous attempts to gain access for a sample have been made to all owners with available contact information. No attempts have been successful in granting access. Contact was made with a Mr. Sauter regarding Permitted well # 247352, however, it was determined this well is for irrigation purposes and there is no access to sample at well. Please see attached diagram for all individual well explanations.
Therefore, no available water sources are within ½ mile of the proposed oil and gas wells.
There are four water source exceptions requested per Rule 609.c.
The COGCC GIS Online interactive map was utilized to research the wells.
