Aztec, New Mexico

Dear Mr. Anderson:

We recently received a reference card from Petroleum Information which states that you have drilled the #1 Carson well in Section 36, Twp. 35N, R 8W in La Plata County, Colorado.

To date we do not have any information on this well and would like to have form OGCC-1 Intention to drill and form OGCC-2 Completion Report of Log along with any other information you may have.

Since the above mentioned forms are necessary to complete our files, we would appreciate an early answer.

Sincerely,

THE OIL AND GAS CONSERVATION
COMMISSION
