Gentlemen:

Reference is made to your Notice of Intention to drill the Tribal
4 #67 X-35, approved December 20, 1956.

Please be advised that Pacific Northwest Pipeline Corporation
has filed an intention to drill a well on approximately the same location.
Phone conversation with them revealed that they are the present owner
on a farm-out agreement with your organization. In view of the above,
and as the provisions of Rule 303 provide that unless operations are com-
menced within 180 days after the date of approval, the approval to drill
will become null and void, subject intention is hereby considered to be
null and void.

Very truly yours,
