COGCC Inspection Report Summary

On Monday, April 15, 2019 at approximately 11:35, I, Inspector Brittani Santistevan, conducted an on-site inspection at JEANIE AB10-01R (Noble Energy), at location #: 430706 in WELD COUNTY, Colorado.

While there, I observed shut in location that was locked out, tagged out.

During this inspection the following possible compliance issues were observed:

1. (2) unused chemical barrels east side of pump jack. Comply with rule 603f. (Corrective Action Date: May 15, 2019) See attached photo #2.

A follow up on this site inspection needs to be conducted to ensure the compliance issues have been corrected to comply with COGCC rules.

This is a summary of inspection report.

This is also a follow up inspection to DOC# 673801160. Appears that all previous corrective actions have been completed.

Continuing education inspection.
