**General Comment:**Routine FIU General Field Inspection

When trying to access location I observed a locked gate. I called Jim Graves on phone for access, he informed me that I had to call BLM for Access. Mr. Graves also informed me that he was meeting Jim Byers with the BLM in Debeque at noon. I met with Jim Graves from Maralex and Jim Byers from BLM and I was informed access for vehicle traffic to location in this area is prohibited, due to it is a protected wilderness area.

Jim Byers communicated to me that I could walk in or we could at a later time discuss about access with COGCC Supervisor Shaun Kellerby and other BLM Staff to figure out how to go into this protected area to get my inspections done. Jim also offered to walk into these locations with me at a later time.
