April 23, 2019

Dear Neel:

The C5, C5A, C5B facilities are covered by NGL stations down to ML 1.5. There appears to have been no seismicity in the vicinity of the C5, C5A, C5B facilities since monitoring by GeoEMS began in December 2014.

Sincerely,

A handwritten signature in black ink that reads "Steven R. Taylor". The signature is written in a cursive, flowing style.

Steven R. Taylor
Chief Scientist
