Subject: RE: State Reportable Release

I wanted to provide you with a volume update.

Upon further investigation, it appears the volume released was actually 11 bbls instead of 16 bbls. I apologize for the incorrect volume reported in the original email.

Thanks,

Greg

Subject: State Reportable Release

Good afternoon,

We had a state reportable release at the location noted below. Approximately 16 bbls of oil was released outside of secondary containment during hot oiling activities. Excavation activities will begin as soon as emergency locates clear. A Form 19 Release Report is forthcoming.

Please let know me if you have any questions.

Associated Well Names: Benson Farms 32C-23HZ
Location: NWSW Sec24-3N-68W
API Number – 05-123-39395

Thank you,
