<p>COGCC Inspection Report Summary                      On Monday 04/29/2019 at approximately 12:55, I, Inspector Dougo Wentzel, conducted a field inspection at the Laramie Energy, Horseshoe Canyon 3-28, API # 077-08656 in MesaCounty, Colorado.                      While there, I observed only a Production Operation.                      During this inspection, compliance issues were observed.                      One Deadman on location has no marker.                      Storm Water Erosion in not being controlled.                      A follow up on this site inspection will be conducted to ensure the compliance issues have been corrected to comply with COGCC rules. (if corrective actions are identified).</p>	wentzeld	04/29/2019
