This is a Final Reclamation Inspection for Well API#103-40209, located in a City Park within the City Limits of Rangely. Scout card has Well Status of AL /Old Operators Status Unknown-9999. This a Follow Up to Insp Doc#692400603, Dated 1/24/2019. The Remediation Project #3661; Form 27 Doc#1433377 related to this site. Comment: Well is located at North edge of a City Park adjacent to the White River. It remains unclear if Well files are confused between two Wells; if Subject Well is AL or PA. This inspection was conducted after snow melt. Detailed search of area produced No Evidence of the well. Will wait until results of Chevron research; which should help determine Well status before Overall Final Reclamation, Pass/Fail.
