**Photo 3:** Photo taken from the well, facing west. Previous inspection documented a fluid spill at the wellhead. Operator was provided a 24 hour notices to control/contain fluid spill and clean up stained soils in accordance with 906.a. Photo shows stained soils appear to have been removed, however, Operator has failed to control/contain the fluid spill at the well head. Fluids were observed actively discharging from the pump rod contaminating approximately a 5 ft. x 6 ft. area at the well head.
