 Inspection Document # 688402192

Nature of Complaint: odor

Field Inspector Actions:

On 05-15-2019, I was contacted by COGCC staff about a complaint received by the COGCC in reference to Odor. The complainant stated the issues were occurring outside of her home, from the Interchange A&B pad.

On 05-17-2019, I attempted to make contact with the complaint who indicated on her complaint form that on 5-14-19 she experienced a strong fleeting toxic oil smell out of the east at her house. At time of inspection on 05-17-19 at approximately 12:30PM, I did not smell any unusual odors. I drove around complainant's neighborhood and Interchange B drilling pad where I performed a site inspection of the drilling operations. I spoke with Broomfield inspectors and they are aware of complaint.

See inspection document #688402192 per my inspection.

All information reviewed and site inspection information were submitted to the COGCC for further review.
