Inpection due to compliant. At time of inspection well was TD and crew was running casing. Talked to drilling forman Manny Parras in informed me that they would be be pumping cement tonight approx.. 11:00 PM. At time of inspection I did not smell any unusual odors in or around location. This is a line powered drilling rig I did not observe any noise issues in or around location. Weather conditions: it was raining and location was muddy.	silverr	05/20/2019
