Gentlemen:

The permit for the above referenced well was approved April 19, 1978 and we understand the permit is good for 120 days from that date.

Only recently have we been able to obtain a rig for drilling the well however the contractor has informed our company that the rig will not be available until sometime in September. We are therefore requesting an extension on our permit for an additional 120 days.

Your attention to this will be appreciated.

Yours very truly,

*Edward M. Warren*
