CORRECTIVE ACTIONS:

1 CA# 120392

Corrective Action: Weeds need to be controlled at the appropriate time, but no later than June 1, 2019. Subsequent treatments will likely be needed. Revegetation needs to be monitored during the 2019 growing season and if not increasing significantly, then seeding will be required before November 1, 2019.

Date: 06/01/2019

Response: CA COMPLETED

Date of Completion: 05/15/2019

Weeds were sprayed followed by the unvegetated areas being re-seeded. I have attached pictures showing the areas that were sprayed (green dye was used in sprayer). I believe another month and the seed should have taken hold and be ready for re-inspection.
